**Subject:** 5973 GC/MS

Hi Julie,

Peter and I installed GC/MS yesterday. Everything seems to work OK, just a few minor bugs. Now that our 2 main GC/MS's are on latest software I would like to tie them into our server, to back up data and store results as PDF file. Should I go through IT?

I spoke with Steven Lobek (UMass Engineer in charge of renovating offices) yesterday. He has been in contact with Grace Connolly and he will finish the few tasks remaining. He thinks it best if Grace contacts first Tom Shaw (Associate Director Design and Construction) first then Jim Cahill (Director of Facilities and Campus Planning) about the hood in N236. There seems to be a reluctance to get job done at the level I deal with.

Thanks,

Jim Hanchett
